Data Collection

총점 7

1. In ML, data are first-class citizens?

1 / 1점

☒ Yes

☐ No

맞습니다

Just right! Data are entities that support all operations generally available to other entities.

2. A data pipeline is a series of data processing steps such as:

1 / 1점

☒ Data collection

맞습니다

Way to go! Data collection is the first step in building ML systems.
